**ANNOUNCEMENTS.**

See the shoe specials Frank A. Bill today (Saturday) Ladies' and men's shoes at special low prices.  
Taft's Inauguration, at Shedy's Theater.

Beginning next Monday, Mr. M. R. Shedy will offer the best and latest produced films on the market, showing Taft's Inauguration at the White House and along Pennsylvania Avenue, and a hundred moving picture cameras, swiftly clicking, snapshotted the big inauguration, the procession, the decorations and the parade, obtaining good pictures of President Taft in several places, recording even the "big show" and silent while the big blizzard raged. The thousands of feet of film developed far better than expected, and the authentic reproductions in a hundred of the principal theaters where moving pictures are a part of the entertainment, beginning Monday at the Auditorium. Mr. Shedy had his order placed well in advance, and in addition to the regular program of pictures and vaudeville, his film will be shown. Though the cost is considerable to the favored few theaters, the price will not be advanced, and for ten cents one may see reproduced the principal features of the inauguration in much more comfort than those who were on the spot.

This film is positively the latest and best produced picture of the inauguration. The vaudeville show offered is also the latest on the Shedy circuit, and the feature of the program will be Howard Hanson and company in their screamingly funny farce "A Thief in the Night." Feeney and Kelly, the favorite song and dance team of the country, will appear in their new and exciting number, "The Girl Who Wasn't There," which is always a very pleasing turn.

**BREED THEATER.**

Virginius, Big Moving Picture Spectacle.

The large audience that gathered last evening at Breed theater to witness the stupendous moving picture of "Virginius" was a delighted one, and notwithstanding its great seriousness of motive it was a most acceptable feature, being a story of a man and a woman, with all the intensity of tragedy, charming Roman maidens, stallion warriors, clashing armies, all surrounded by the most accurate atmosphere of Rome in the old days. This is a monster feature picture, relying wholly upon its merits of superb action.

The Taming of the Shrew is a comedy film 1900 feet long, carrying the audience to the most brilliant of the drama, with all the intensity of tragedy, charming Roman maidens, stallion warriors, clashing armies, all surrounded by the most accurate atmosphere of Rome in the old days. This is a monster feature picture, relying wholly upon its merits of superb action.

The Old Schoolmaster, and Sweet (7) Liberty, are two dramatic ones, but each carrying an element of comedy to brighten it up. Thompson's Night With the Police, and Troubles With an Airship are acrobatic fun, and meet with great success.

Mr. Copper continues, by popular request, with his charming little child song, "You'll Be Sorry You're Late," and "Madam Morale," and the high class song sweetheart, and the popular "Kiss Once More, and Then Good-Bye."

**LIME IN THE SOIL.**

A Real Need Pointed Out by the State's Agricultural Experts.

Bulletin 165, just issued by the state agricultural station at New Haven, discusses the sources, composition and uses of lime for farm use. The composition of the different grades now on the market is given also, a concise statement of freight rates on lime from the various sources, and points in this state and a discussion of the relative cost of actual lime in these different grades.

There follows some timely remarks on the action of lime in the soil and the reasons for using it.

Connecticut farmers are realizing that many of the serious lime deficiencies in lime; that for the sake of the land as well as of the farm stock it is desirable to pay much more attention than we have done to leguminous crops, particularly clover and alfalfa, and to raise them successfully on many of our farms abundant lime in the soil is absolutely necessary.

**Not Unprecedented.**

Critics of Taft's appointment of Loeb on the ground that it is a favor to his predecessor forget that Roosevelt appointed William H. Day, his predecessor's Canton friend, to the supreme court, and put Mr. Cortelyou, his predecessor's private secretary, into his cabinet. It is possible for succeeding presidents to agree in their estimates of a man, and in the case of Loeb with a president who is so well known as the latest man thus recognized.

**A Loud Amen!**

During the snowstorm, when the Washington bands played "I Wish I Was in Dixie," there was a loud "Amen" all along the Georgia line, Atlanta Constitution.
